

Reflect and connect with peers

Congratulations on completing the Share Data Through the Art of Visualization course!

You learned about the importance of data visualization and how to create effective visualizations using Tableau, making your analysis more impactful and persuasive.

You can continue to explore these topics and deepen your understanding by connecting with other learners. Learning is more rewarding when you're part of a supportive community. As a reminder, you can connect with fellow learners by accessing the [Google Data Analytics Community](#) to discuss course content and expand your network.
