

Test your knowledge: Get started with the course

1. Fill in the blank: Computer _____ refers to the process of giving instructions to a computer to perform an action or set of actions.

1 / 1 point

- ☐ analyzing
- ☐ visualizing
- ☐ science
- ☒ programming

✓ **Correct**

Computer programming refers to the process of giving instructions to a computer to perform an action or set of actions.

2. In Python, what is a library?

1 / 1 point

- ☐ The words and symbols used to write instructions for computers to follow
- ☐ A sequence of data visualizations
- ☐ A chain of transistors
- ☒ A reusable collection of code

✓ **Correct**

In Python, a library is a reusable collection of code.

3. Python is a low-level programming language.

1 / 1 point

- ☐ True
- ☒ False

✓ **Correct**

Python is a high-level programming language. Low-level programming languages are difficult to use, require lots of training, and often only work on specific machines.
